CLASSES BEGIN IN SEPTEMBER

In partnership with NYCDOE, CUNY Teacher Education is pleased to provide teachers with an opportunity to participate in a tuition-free 6-credit sequence of courses to develop their technical, pedagogical, and content knowledge in computing education.

COLLEGE APPLICATION
Deadline: August 30th
Click on this LaGuardia Application or scan QR Code on right

COURSE DESCRIPTIONS
These 2 courses are appropriate for teachers and paraprofessionals of Grades K-12 and can be taken in any order.

MAC100 COMPUTING FUNDAMENTALS
This course introduces students from any non-Computer Science major to the fundamental concepts of computing, technical innovations, and social issues that are at the heart of computer-based technologies. You will be introduced to the myriad uses of the Internet, cloud services, social media, other computer applications designed to connect physical and digital worlds.

Course Number: MAC 100.5416[50199],
Delivery Mode: In Person
Meeting Days & Times: Sa. 9:15am-12:45pm.

ELE150 INTRODUCTION TO EDUCATION TECHNOLOGY
This course introduces you to the foundations of educational technology, including digital fluency, digital literacy, universal design, accessibility, and computational thinking. Students will design projects that integrate multimodal design and instructional technologies facilitating learning for a diverse population of students in Kindergarten through Grade 12.

Course Number: ELE 150.6005[52428]
Delivery Mode: Asynchronously online
Meeting Days & Times: Not Applicable

DOE ELIGIBILITY
In addition to the college application all teachers must complete this brief tuition sponsorship form or scan QR Code on the left to verify their eligibility and consent to program terms.

Teachers will be responsible for books and materials.
